Correction of "0. Set TailwindCSS"

✕

Congratulations! All tests passed successfully!
You are ready for your next mission!

Start a new test Close

Result:

> ✓ `README.md` file exists and not empty

> ✓ The project is set up successfully

> ✓ Tailwind v4 setup and integrated correctly in the project

> ✓ Font family `Roboto` added successfully as a default font in the project with the weights `400`, `500`, and `700`

> ✓ All your unit tests PASS

Correction of "1. Update CourseList and CourseListRow styles"

✕

Some checks are failing. Make sure you fix them before starting a new review
You got this!

Start a new test Close

Result:

> ✓ `README.md` file exists and not empty

> ✓ The project is set up successfully

> ✓ `*.css` files are not allowed

> ✓ The bg colors used for the header and simple rows are correct with the right opacity

> ✗ The courses table container should occupy `80-90%` of the global page width, while the table completely fills the width of its parent container. It must match the UI styles shown in the screenshot when courses are available.

✗ The courses table container should occupy `80-90%` of the global page width, while the table completely fills the width of its parent container. It must match the UI styles shown in the screenshot when courses are not available.

✓ No `*.css` import statement not allowed

✓ All your unit tests PASS

Correction of "2. Update the Notifications Panel" ✕

Some checks are failing. Make sure you fix them before starting a new review
You got this!

Start a new test   **Close**

Result:

> ✓ `README.md` file exists and not empty

> ✓ The project is set up successfully

> ✓ `*.css` files are not allowed

> ✓ No `*.css` import statement not allowed

> ✕ The Notifications panel filled with no notification data displayed as expected:
- Has a title `Your notifications` on top right of the notifications panel
- Has 0 notification items
- Has a text `no new notification for now`

✕ The Notifications panel filled with notification data displayed as expected:
- Has a title `Your notifications` on top right of the notifications panel
- Has 3 notification items
- Notification items with urgent type has a red text color
- Notification items with default type has a blue text color

✓ All your unit tests PASS

Correction of "3. Update the remained syles" ✕
